The Simple Solution for Small and Medium Business Safety Management.

FACT

Small and medium businesses are required by law to provide a safe workplace. For your business to achieve legislative compliance you require; a safety plan, policies, procedures, inductions, safety awareness training and up-to-date records.

BIZAFE-PRO® HAS BEEN DEVELOPED TO ENSURE THAT YOUR BUSINESS IS IN THE BEST POSSIBLE POSITION TO MEET IT'S SAFETY OBLIGATIONS AND AVOID PENALTIES FOR NON-COMPLIANCE.

BENEFITS

BIZAFE-Pro® is an affordable solution for any business.

BIZAFE-Pro® provides you with a comprehensive safety framework that contains all the tools you need, as well as, a simple step-by-stop guide to implementation, helping you to best manage health and safety in your workplace, ensuring safer staff, a safer workplace and assisting with safety compliance.

It takes only 10 minutes to install BIZAFE-Pro® onto your computer, then it will take you on average between 2-4 days to fully implement your new complete safety management framework.

All BIZAFE-Pro® documents are accessed via a simple browser based navigational menu and are in MS Word Format, so they can easily customized to best suite your business.

You will have user-friendly Safety Database (MS Access) allowing you to record and manage your safety information most effectively.

Your delegated safety officer or relevant manager can concentrate on the job of implementing safety and building safety awareness, free from the time consuming tasks of developing the systems, content and tools required to support the process.

To develop a similar quality solution in-house would require significant knowledge, time and investment.

When you purchase the BIZAFE-Pro® solution you know the quality of your end-product and you can be assured that your solution and will help you to meet your legislative obligations.
